Information Technocrat Students Forum (ITSF)

ITSF has been upholding the agenda of making Information Technology happen. Since, its establishment in 2009. ITSF is a team of students working together to inspire IT professionals to achieve excellence in technical and non-technical arenas. ITSF aim's to make the students participate in the development of the Institute and develop their career, personality and organizational skills through interactive programs with the faculty, administration, Industry and society.

Adapting to the education in virtual mode, team ITSF commenced its journey by conducting various Webinars. We conducted webinars focusing on the latest technology trend and understanding major problems faced by students.
