EESA

The Electronics & Telecom Engineering Students' Association (**EESA**) represents students within the E& TC Engineering department. EESA is an initiative by the students, for the students.

EESA is basically established to conduct various technical, non-technical and social activities by the students. Since its commencement, student have participated enthusiastically in every activities organized by EESA. The students get involved in EESA to improve their extracurricular and co-curricular skills.

EESA focuses on technical activities like guidance for various workshops on recent trends in engineering. Apart from the workshops, EESA conducts career counseling, personality development sessions.

EESA organizes Welcome party for freshers as well as Farewell function for final year students, which benefits them to develop bonding among the department students. EESA helps students at every point where students need help or support, so that students sail through their years in the department.
