The Group Discussion started at 3.00 pm with the Introduction of the Event by the President of CEC, Prasad Gherade. Kaustubh Rathod and Shubham Adhau were hosting the GOLMEJ event .

They also gave an introduction to the topic of GOLMEJ. -We conclude a combination of excessive borrowing, risky investments, and lack of transparency put the financial system on a collision course with crisis.

-Clearly, this vulnerability was related to failures of corporate governance and regulation, but it is significant enough by itself to warrant our attention here.

-The crisis was the result of human action and inaction, not of Mother Nature or computer models.

-We conclude the government was ill-prepared for the crisis, and its inconsistent response added to the uncertainty and panic in the financial markets.
