# TEDxVIIT'23 Report

**Theme -UNBOUND**

## Event Details

28th February, 2023 marked the 4th edition of TEDxVIIT. The event featured the likes of prominent speakers and performers who have had an influential impact on the cultural discourse of their own field. The event took place in Loft 48, NIBM, Kondhwa. As sun started sinking down the horizon after a scorching afternoon of preparations, the speakers and the audience were down to set the tone of the event with a cool stream of soothing breeze started to mark its presence.

After the ideas were delivered and discussed and the event ended on a good note, team members were on the edges of their feet to celebrate the successful execution of an offline TEDxVIIT event after a wait of two years. As camera shutters captured the interactions and warm colors of the gathering, a VIP dinner including the likes of the core members of the team and the guests started to get arranged.

The event received positive reviews from the attendees as their experience was put to the central pivot of the strategic planning for the event. This report takes a note of thanks to everyone who played a crucial role in the successful execution of the event including the team, guests, faculty members, college administration, sponsors, attendees and of course the entire TEDxVIIT community.
